Career Transitions: "Happily Ever Aftermath"

Annalisa Crannell
Friday, October 27, 2017 - 11:30am to 12:30pm
Allen Library South (Research Commons) Red C

Title:
Happily Ever Aftermath

Abstract:
Crannell earned her math PhD in 1992 and got her first-choice job at a small, liberal arts college. The author of “Applying for Jobs: Advice from the Front” and Starting Our Careers, she has served on the Joint Committee on Employment Opportunities, the AMS Presidential Task Force on Employment, and the MAA Board of Governors.

In this talk, she will discuss her own career, how to prepare for careers that have significant teaching components, and professional development opportunities available through the MAA. She'll also take a brief (but important!) detour into time management and personal finance.

Event Type:
- Seminars

Event Subcalendar:
- Math Department

Department of Mathematics
