

Department of Mathematics Hourly ASE Policy

Last revised: June 10, 2024

Graders

- Beginning Autumn 2024, all Math hourly graders will be paid at a single hourly rate of \$21.57 (*effective 7/1/2024 per the ASE contract*).
- Graders are contracted, on a quarterly basis, for a set number of hours' worth of grading per quarter. Each grader is informed of this number when the position is offered at the start of the quarter.
- The above hourly rate will be increased as necessary per ASE contract requirements, minimum wage increases, or departmental decision.

Math Study Center (MSC) Tutors

- MSC Tutors are hired on a quarterly basis.
- All tutors are paid an equal hourly rate. *The current rate is \$21.57/hour, effective 7/1/24.*
- The hourly rate changes when:
 - Increases are mandated by the ASE contract (generally July 1)
 - The Department of Mathematics determines that a market rate increase for tutors is warranted

Undergraduate TAs

- Undergraduate TA appointments are on a quarterly basis during the academic year.
- Undergraduate TA rates receive a 3% increase every year in July, or as required as covered under the ASE contract.
- *Current rate: \$22.23/hour (2024-25 only)*
