Department of Mathematics Hourly ASE Policy

Last revised: February 22, 2019

Graders

- There are two tiers of grader pay, related to the courses being graded, on a quarterly basis:
  - Tier 1
    - Current hourly rate: $16.00/hour (effective 1/1/2019)
    - Grades for Math 307, 309, 324
  - Tier 2
    - Current hourly rate: $16.13/hour (effective 7/1/2018)
    - Grades for Math 300, 301, 327, 328, 340, 380, 381, 394, 395, 407, 427, 428, 441/442/443, 464/465, 480

- If an ASE is grading for a tier 1 course and a tier 2 course in the same quarter, the ASE will have two grader appointments in the payroll system, one at each rate, and hours spent grading for each course will be tracked separately.
- Graders are contracted for a set number of hours' worth of grading per quarter. Each grader is informed of this number when the position is offered at the start of the quarter.
- Pay rates for each tier will be increased as necessary per ASE contract requirements, minimum wage increases, or departmental decision.

Math Study Center (MSC) Tutors

- MSC Tutors are hired on a quarterly basis.
- All tutors are paid an equal hourly rate. The current rate is $16.13/hour, effective 7/1/18.
- The hourly rate changes when:
  - Increases are mandated by the ASE contract (generally July 1)
  - The Department of Mathematics determines that a market rate increase for tutors is warranted

Undergraduate TAs

- Undergraduate TA appointments are for the academic year (Sept 16 – June 15)
- UTAs are expected to work 20 hours per week as TAs for Math 134/5/6 or Math 334/5/6.
- Undergraduate TA rates receive a 2% increase every year in July, as covered under the ASE contract.
- Current rate: $19.15/hour (2018-19 only)
